Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Manufacturer	Siemens
Product Type	N-AS Local Bus Interface Module
Dimensions	25.00 x 12.00 x 10.00 cm
Weight	0.50 kg
Part Number	6DS1223-8AA
Category	Podzespoły automatyki przemysłowej

Description

The Siemens 6DS1223-8AA is an N-AS Local Bus Interface Module designed for the Teleperm M\/ME system, facilitating communication within redundant electrical systems. Manufactured by Siemens, this module ensures seamless integration and reliable performance in critical applications. It features compact dimensions of 25.00 x 12.00 x 10.00 cm, facilitating easy installation and integration into existing infrastructures. Its robust construction signifies durability, making it a reliable choice for professionals in the electrical industry. This interface module is not just a product; it represents a commitment to quality and performance. Optimize your operations with the N-AS Interface Module and experience unparalleled connectivity and system resilience.
