Product type	Industrial automation components
Status	Legacy / discontinued

Technical specification

Weight	0.24 kgs
Product Type	Hand-Held Programmer
Product Family	SIMATIC S5
Dimensions	80 mm x 130 mm x 280 mm
Weight	1.03 kg
Display Lines	2 lines
Language Version	German
Ambient Temperature Range	+5 to +40 °C
Storage Temperature Range	-20 to +60 °C
Degree of Protection	IP50
Discontinued Status	Discontinued

Description

The Siemens 6ES5605-0UA12 is a hand-held programmer designed for the SIMATIC S5 series, specifically the PG 605 model. This device features a 2-line display and is the German language version, facilitating programming and diagnostic tasks in industrial automation systems. It is a discontinued product, with its lifecycle ending on October 1, 2010. Despite its discontinued status, the 6ES5605-0UA12 remains repairable, offering a cost-effective solution for maintaining existing systems. Opting for repair over replacement can significantly extend the product's usability, ensuring continued functionality within existing systems. The device's compact dimensions and lightweight design make it suitable for on-site programming and diagnostics, enhancing operational

efficiency in various industrial settings.
