Ask about this product

Manufacturer	Siemens
Catalog number	6es5453-4ua11
Category	Industrial automation components
Product type	Industrial automation components
Status	Legacy / discontinued

Technical specification

Weight	0.15 kgs
Product Type	Digital Output Module
Product Family	SIMATIC S5
Number of Outputs	16 outputs
Output Voltage	24 V DC
Output Current	2 A
Dimensions	40 x 255 x 195 mm
Weight	600 g
Discontinuation Date	1999-10-01

Description

The Siemens 6ES5453-4UA11 is a compact digital output module from the SIMATIC S5 series, designed for industrial automation applications. This module features 16 floating digital outputs, each capable of handling 24V DC at 2A, providing reliable and efficient control for various industrial processes. Its compact design ensures easy integration into existing systems, making it suitable for applications where space is limited. The module is discontinued, with its lifecycle ending on October 1, 1999. Despite its discontinuation, the 6ES5453-4UA11 remains a repairable PLC, offering a cost-effective solution for maintaining existing systems. Specialized repair services are available to ensure continued operation and extend the module's usability.
