SIEMENS

SUAT317-0G

Siemens meter socket designs have been in the industry for more than 60 years. No one knows metering installations like Siemens. Our meter sockets set the standard for quality, design, and workmanship. This is why we use stainless steel hardware; polyester powder-coat paint for long-lasting protection and appearance; type G90 galvanized steel or 3003 grade aluminum enclosures and, in our commercial sockets, an all-plated copper current path. This is why Siemens meter sockets are seen in so many utility specifications.

- 200 Amp continuous, 250 Amp maximum rated
- 3 wire meter socket is single-phase and rated for up to 600-Volt
- 4 ground/neutral lugs provided
- 4-jaw, ring less type meter socket
- Contact local utility to confirm meter socket approval
- Lay in: #6-350 lugs
- Meter socket is designed for use in overhead feed applications only
- RX-style hub opening (hub sold separately)

Certificates

Certificate of suitability	UL

Electricity

Voltage / between phase and phase / rated value	600 V
Ampacity	200 A

General Technical Data

Suitability for operation	RESIDENTIAL

Mechanical Design

Width [in]	1990-08-01 00:00:00.0000000 in
Depth [in]	16.8 in
Height [in]	1980-05-01 00:00:00.0000000 in

Model

product brandname	TALON
Product type designation	UAT3
Special product feature	NO BYPASS

Delivery Information

Export Control Class	AL : N / ECCN : EAR99
Net Weight	10.25
Product_Dimensions (LxWxH)	40.0X40.0X40.0

Additional Product Information

Country of Origin	MX
Commodity Code	8537109170, 8538908160
RoHS Compliance	*DQ

Product Selector Information

Voltage Rating	600V
Amperage Rating	200A
Special Features	NO BYPASS
