Ask about this product

Manufacturer	Siemens
Catalog number	6ds1613-8bb
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Weight	0.61 kgs
Product Type	Dosing Counter Module
Product Family	TELEPERM M
Product Series	TELEPERM M
Operation Channels	4 channels
Manufacturer	Siemens

Description

The Siemens 6DS1613-8BB is a versatile dosing counter module designed for precise measurement and control in industrial automation systems. Manufactured by Siemens, this module is part of the TELEPERM M series, known for its reliability and performance in process control applications. The 6DS1613-8BB supports both 2-channel and 4-channel operation, making it suitable for a wide range of dosing applications. Its compact design allows for easy integration into existing systems, and it is engineered to operate efficiently in various industrial environments. Key features include high-precision counting, robust construction, and compatibility with Siemens' TELEPERM M system, ensuring seamless integration and reliable performance in demanding industrial settings.
