Manufacturer	Siemens
Catalog number	6es7133-0bh00-0xb0
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Weight	0.20 kgs
Voltage	24 V
Product Type	Module
Signal Type	24
Current	0.5 A
Signal Level	24 V

Description

The Siemens 6ES7133-0BH00-0XB0 is a digital input/output module designed for integration with the SIMATIC ET 200B distributed I/O system. This module features eight digital inputs and eight digital outputs, each operating at 24V DC and supporting up to 0.5A per output. With a compact width of 160 mm, it offers an efficient solution for managing multiple digital signals in industrial automation processes. The module is engineered for reliable performance in demanding environments, making it suitable for continuous use in production lines and automated systems. Built to meet stringent quality standards, the 6ES7133-0BH00-0XB0 ensures dependable operation and long-term value.
