Manufacturer	Siemens
Catalog number	6es5581-1ec12
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Weight	0.57 kgs
Product Type	Base Module
Product Family	SIMATIC S5
Memory	4 MB
Operating System	MS-DOS 6.2
Language	German
Compatibility	S5-115U, S5-155U/H PLCs
Storage Type	Onboard Silicon Disk

Description

The Siemens 6ES5-581-1EC12 is a base module for the SIMATIC S5 series, specifically designed for the S5-115U and S5-155U/H programmable logic controllers (PLCs). This module features a 4 MB active memory onboard silicon disk and operates with MS-DOS 6.2 in the German language. It is intended for use with the S5-115U and S5-155U/H PLCs, providing essential processing capabilities for industrial automation applications. The module's onboard silicon disk ensures reliable data storage and quick access times, enhancing the overall performance of the PLC system. This component is ideal for applications requiring robust and efficient control solutions in industrial settings.
