Manufacturer	Siemens
Catalog number	6av3515-1eb32-1aa0
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Weight	0.50 kgs
Current	24 A
Memory/Storage	256 KB
Display Type	2-line display lines
Display Characters per Line	40 characters
Interface Ports	2x TTY/V.24, 1x MPI/PPI/L2-DP ports
User Memory Capacity	256 KB
Mounting Plate Material	Galvanized steel material
Enclosure Material	Steel material
Height	283 mm
Width	322 mm
Depth	134 mm
Weight	1.1 kg

Description

The Siemens 6AV3515-1EB32-1AA0 is an operator panel from the OP15 series, designed for industrial automation applications. It features a 2-line display capable of displaying 40 characters per line, facilitating efficient user interaction. The panel is equipped with integrated interfaces, including two TTY/V.24 ports and one MPI/PPI/L2-DP port, ensuring versatile connectivity options. With a user

memory capacity of 256 KB, it supports the storage of essential operational data. Constructed with a galvanized steel mounting plate and a steel enclosure, the panel offers durability and reliability in industrial environments. Its compact dimensions—283 mm in height, 322 mm in width, and 134 mm in depth—along with a weight of 1.1 kg, make it suitable for various installation scenarios. This operator panel is ideal for applications requiring robust human-machine interface solutions in industrial settings.
