Category	Industrial automation components
Product type	Industrial automation components
Status	Legacy / discontinued

Technical specification

Weight	0.04 kgs
Product Type	Interface Module
Product Family	SIMATIC S5
Interface Type	20 mA TTY
Dimensions	60 mm x 110 mm x 20 mm
Weight	0.04 kg

Description

The Siemens 6ES5752-0LA12 is an interface module designed for the SIMATIC S5 series, specifically for the CPU 945. Operating on a 20 mA TTY (Teletype) interface, this module facilitates reliable communication within industrial automation systems. Manufactured in Germany, it adheres to Siemens' high engineering standards. As of October 1, 2022, this model has been discontinued, but repair services are available to extend its operational life. The module's compact dimensions—60 mm in height, 110 mm in length, and 20 mm in width—make it suitable for various industrial applications where space is a consideration. With a weight of 0.04 kg, it is lightweight and easy to handle during installation or maintenance. This interface module is ideal for users seeking to maintain or upgrade their existing SIMATIC S5 systems without the need for a complete overhaul.
