Manufacturer	Siemens
Catalog number	6av6645-0gb01-0ax1
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Weight	1.81 kgs
Display Size	7.5 in
Display Resolution	640 x 480 pixels
Supply Voltage	7.2 V
Color Depth	16 bit
Communication Ports	RJ45, PROFINET IO, PROFIsafe
Dimensions	290 x 103 mm
Operating Temperature (Min)	0 °C

Description

The Siemens 6AV6645-0GB01-0AX1 is a Mobile Operator Panel from the SIMATIC series, designed for flexible and safe operation within industrial environments. This device features a 7.5-inch TFT display with a resolution of 640 x 480 pixels, providing clear and detailed visuals for operators. It operates at a supply voltage of 7.2 V and offers 16-bit color depth, ensuring vibrant and accurate color representation. The panel includes integrated communication ports such as RJ45, PROFINET IO, and PROFIsafe, facilitating seamless connectivity and data exchange within automation systems. Its compact dimensions of 290 mm in diameter and 103 mm in depth make it suitable for various industrial applications where space is a consideration. The device is designed to withstand operating temperatures starting from 0 °C, ensuring reliable performance in diverse environmental conditions. This Mobile Operator Panel is ideal for applications requiring mobility and real-time control, enhancing operational efficiency and safety in industrial settings.
