Manufacturer	Siemens
Catalog number	6es5241-1af12
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Weight	0.11 kgs
Fire Rating	a00
Manufacturer	Siemens
Weight	1.00 kg
Dimensions	10 x 10 x 10 mm
Product Type	Digital Position Decoder Encoder Module
Product Family	SIMATIC S5
Part Number	6ES5241-1AF12
Category	Podzespoły automatyki przemysłowej

Description

The Siemens 6ES5241-1AF12 is a Digital Position Decoder Encoder module designed for the SIMATIC S5 series, specifically the IP 241 model. Manufactured by Siemens, this module serves as an adaptation module for sensors, offering compatibility with various coding formats, including gray code, excess-3, and BCD. It is engineered for applications requiring precise position decoding and encoding within industrial automation systems. The module's compact design ensures efficient integration into existing setups, facilitating seamless operation and maintenance. Its robust construction and reliable performance make it a valuable component for enhancing the functionality and accuracy of automation processes.
