Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Weight	0.10 kgs
Product Type	Plug-in Submodule
Product Family	SIMATIC S5
Application Area	Industrial Automation
Weight	0.10 kg
Compliance	UL and CSA Listed

Description

The Siemens 6ES5281-4UB12 is a plug-in submodule designed for the SIMATIC S5 series, specifically for the IP 281 counter module. This component is UL and CSA listed, ensuring compliance with international safety standards. It is compatible with various SIMATIC S5 models, including S5-115U/H, S5-135U, and S5-155U/H. The module features an on-board 24V encoder supply, facilitating seamless integration into control systems. With a weight of approximately 0.10 kg, it is a lightweight and efficient solution for industrial automation applications.
