SIEMENS

Certificate

Declaration on the Origin and Aluminum Content of the Product

6XV18302AH50

We hereby confirm that the following product has been assessed with regard to its aluminum content and origin of materials. Siemens AG has verified the origin and processing of the materials used, based on supplier declarations and internal records. This document serves as an official confirmation for customs clearance purposes.

Aluminum Content Declaration:

☐ Aluminum is not contained in the product.

☑ Aluminum is contained in the product.

Siemens Material Number	Primary Country of Smelt (Country Code)	Secondary Country of Smelt (Country Code)	Country of Cast (Country Code)	Containment of Aluminum (in €)	Containment of Aluminum (in g)
6XV18302AH50	CN	N/A	CN	37.07	67.0

Primary Country of Smelt:
Report the country where the largest volume of aluminum was produced by the electrolytic Hall-Heroult process.

Country of Secondary Smelt:
Report the country where the second largest volume of new aluminum was produced by electrolytic Hall-Heroult process. If Russia is not the country reported for the primary country of smelt, and any primary aluminum used in the manufacture of the product was smelted in Russia, report the ISO code for Russia as the secondary country of smelt.

Country of Cast:
Report the country where the aluminum was last liquified by heat and cast into solid state. The final solid state can take the form of either a semi-finished product (slab, billets or ingots) or a finished aluminum product.

Siemens AG certifies that the provided information has been verified to the best of our knowledge, based on reasonable due diligence. Supporting documentation can be provided from Siemens AG upon request.
