Ask about this product

Manufacturer	Siemens
Catalog number	6ed1053-1hh00-0ba2
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Weight	0.39 kgs
Supply Voltage	24 V DC
Digital Inputs	12
Digital Outputs	8 (Relay)
Memory Blocks	56
Dimensions	126 x 90 x 55 mm
Mounting Type	DIN Rail
AS-Interface Slave	Intelligent

Description

The Siemens 6ED1053-1HH00-0BA2 is a programmable logic module from the LOGO! series, designed for versatile automation tasks. It operates at a supply voltage of 24 V DC and features 12 digital inputs and 8 relay outputs, facilitating efficient control and monitoring. The module offers 56 memory blocks, providing ample space for complex logic operations. Its compact dimensions of 126 x 90 x 55 mm and weight of approximately 0.39 kg make it suitable for installations with space constraints. The device is designed for mounting on standard DIN rails, ensuring easy integration into existing systems. Additionally, it functions as an intelligent AS-Interface slave, enabling seamless communication within automation networks. This module is ideal for applications requiring reliable and flexible control solutions in industrial settings.
