Manufacturer	Siemens
Catalog number	6es5252-5bc11
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Weight	0.04 kgs
Product Type	Synchronizing Counter Module
Dimensions	12.5 x 5.5 x 3.0 cm
Weight	0.11 kg
Manufacturer	Siemens
Product Family	SIMATIC S5

Description

The Siemens 6ES5252-5BC11 is a synchronizing counter module designed for integration into industrial automation systems. This module enables the connection of two incremental sensors, providing precise synchronization and counting capabilities essential for complex production processes. With robust construction and reliable performance, the Siemens 6ES5252-5BC11 supports demanding environments where accuracy and durability are paramount. The module is suitable for use in various automation scenarios, ensuring efficient data acquisition and control within a production line.
