SIEMENS

Siemens is an industry leader in innovative products, reliability, and technology

Siemens' offering in the pool and spa market is no different. Regardless if the application calls for a field-installed breaker into one of Siemens' load centers or the requirement is for a factory-installed GFCI breaker to power your needs; Siemens has a solution for you. Siemens can offer load centers from as few as 2 to 70 circuits and load center interiors from 2 to 42 circuits. Siemens' spa panels come factory-installed with a 50 or 60A GFCI circuit breaker with two additional spaces available for other power needs and the Siemens GFCI circuit breaker comes with a self-test feature for added safety. Let Siemens be the choice for your future needs!
