Manufacturer	Siemens
Catalog number	6es7138-4cf01-0ab0
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Weight	0.09 kgs
Industrial Safety	sil 2
Signal Level	24 V
Safety Level	sil 2
Voltage	24 V
Product Type	Module
Signal Type	24

Description

The Siemens 6ES7138-4CF01-0AB0 is a Power Module PM-E F PROFISAFE designed for the SIMATIC DP system, specifically for the ET 200S distributed I/O system. Operating at a 24V DC supply, this module is engineered for installations with ungrounded reference potential, providing fail-safe switching of voltage buses P1 and P2 up to Category 3 (EN 954-1) and SIL 2 (IEC 61508). It also features two fail-safe digital outputs up to Category 4 (SIL 3). The module's compact dimensions of 30 x 81 x 52 mm and weight of 88 g make it suitable for space-constrained environments. This module is ideal for applications requiring high safety standards and reliable power distribution within the SIMATIC DP system.
