Category	Industrial automation components
Product type	Industrial automation components
Status	Legacy / discontinued

Technical specification

Weight	1.51 kgs
Product Type	Central Mounting Rack
Product Family	SIMATIC S5
Dimensions	320 mm x 490 mm x 50 mm
Weight	3.14 kg
Manufacturer	Siemens
Part Number	6ES5700-2LA22
Category	Podzespoły automatyki przemysłowej

Description

The Siemens 6ES5700-2LA22 is a central mounting rack designed for the SIMATIC S5-115F central controller within the CR 700-2F series. This rack provides a structured environment for housing and connecting various modules, ensuring efficient operation and maintenance of the automation system. Manufactured in Germany, it adheres to high-quality standards, reflecting Siemens' commitment to durability and performance. Despite being discontinued as of October 1, 2022, the 6ES5700-2LA22 remains a valuable component for existing setups that rely on the S5-115F system. Its robust construction and design make it suitable for various industrial applications, offering a reliable solution for system integration and expansion. For businesses operating legacy systems, the 6ES5700-2LA22 continues to support operational continuity, underscoring its enduring relevance in industrial automation.
