Manufacturer	Siemens
Catalog number	6ds1103-8ab
Category	Industrial automation components
Product type	Industrial automation components
Status	Legacy / discontinued

Technical specification

Weight	0.14 kgs
Component Specifications	as220
Product Type	Module
Weight	0.4 kg
Product Type	Central Processor Unit
Series	TELEPERM M unit
Control Unit	AS220/OS250 unit
Product Family	TELEPERM M
Dimensions	9.0 in x 2.0 in x 10.0 in
Discontinued Status	Discontinued

Description

The Siemens 6DS1103-8AB is a central processor unit designed for the TELEPERM M series, specifically functioning as an AS220/OS250 control unit. This module is engineered to provide reliable and efficient control in industrial automation systems, ensuring precise operation and integration within complex processes. With a weight of approximately 0.4 kg, it is built to meet the demanding requirements of industrial environments. The 6DS1103-8AB is part of Siemens' TELEPERM M series, known for its robust performance and adaptability in various automation applications.
