Manufacturer	Siemens
Catalog number	6fm1725-3ba00
Category	Industrial automation components
Product type	Industrial automation components
Status	Legacy / discontinued

Technical specification

Weight	0.75 kgs
Manufacturer	Siemens
Component Specifications	wf725b
Fire Rating	a03
Product Type	Positioning Module
Series	WF 725 B
Compatibility	Absolute and Incremental Position Encoders
Weight	0.8 kg
Part Number	6FM1725-3BA00
Category	Podzespoły automatyki przemysłowej

Description

The Siemens 6FM1725-3BA00 is a positioning module from the WF 725 B series, designed for integration with both absolute and incremental position encoders. Manufactured by Siemens, this module is engineered to provide precise control and monitoring of position data within industrial automation systems. It is compatible with Siemens' Simatic S5-135/155 series, ensuring seamless integration and reliable performance. The module is identified by the part number 6FM1725-3BA00 and is also known by the alternative part number 6FM17253BA00. Its compact design and robust construction make it suitable for various industrial applications where accurate position sensing is critical. Please note that this product has been discontinued, and support may be limited. For detailed specifications and compatibility information, refer to the manufacturer's datasheet or consult with authorized Siemens

distributors.
