Description

The Siemens 6AV3617-5BB00-0AE0 is an Operator Panel from the SIMATIC OP17/DP series, designed for industrial automation applications. Manufactured by Siemens, this panel offers a user-friendly interface for controlling and monitoring processes. It features a compact design suitable for various industrial environments. The panel is equipped with a standard front and is intended for customer-specific design versions B and F, as indicated by the part number. Its robust construction ensures reliable performance in demanding conditions. This model is part of Siemens' comprehensive range of Human-Machine Interface (HMI) solutions, providing intuitive control and monitoring capabilities for industrial processes.
