Category	Industrial automation components
Product type	Industrial automation components
Status	Legacy / discontinued

Technical specification

Weight	0.48 kgs
Fire Rating	a0
Manufacturer	Siemens
Component Specifications	wf470
Product Type	Monochrome Video Display Module
Memory Slot	1 slot, max. 128 Kbyte
Power Supply	5 V DC
Dimensions	200 mm x 30 mm
Weight	0.48 kg
Language Support	German, English, French, Russian

Description

The Siemens 6FM1470-4AA21 is a monochrome video display module from the WF 470A series, designed for integration with Siemens' Simatic S5 intelligent processors. This module features a single slot for a memory module, supporting up to 128 Kbyte of user memory, and operates on a 5 V DC power supply. It offers multilingual support, including German, English, French, and Russian, making it suitable for diverse industrial applications. The module's compact dimensions (200 mm x 30 mm) and lightweight design (approximately 0.48 kg) facilitate easy integration into existing systems. Despite its discontinuation, the 6FM1470-4AA21 remains a reliable component for legacy systems, with repair services available to extend its operational life.
